To whom it may concern,

JOB APPLICATION AS AN INTERNSHIP IN YOUR COMPANY

Hello Mr./Miss,

I am currently pursuing a **Bachelor of Information Systems (Hons) in Enterprise Information Systems** at **Tunku Abdul Rahman University of Management and Technology (TARUMT)**. I am writing to express my keen interest in securing an internship opportunity with AIA Malaysia, where I can apply my academic knowledge and develop practical skills in a professional environment.

My proposed internship period is from **26 January 2026** to **12 July 2026**, and I am flexible with the duration to meet your company's requirements.

Through my coursework, I have gained experience in areas such as **system analysis, database management, programming (HTML, CSS, JavaScript, MySQL, and PHP)**, and enterprise systems concepts. Additionally, I am currently learning **data analytics**, which have enhanced my understanding of how technology supports organizational decision-making and efficiency.

I am a dedicated and motivated individual who strives for continuous learning and improvement. I believe that an internship at AIA will allow me to contribute to meaningful projects while gaining valuable exposure to the consulting and IT industry.

I would be honored to interview with you. Kindly find my attached resume, and feel free to reach me at **016-9199419** or email me at **lamkw-wm22@student.tarc.edu.my** anytime.

Thank you for your time and consideration.

Kind regards,

(LAM KAR WAI)
